

TSE Crawler for Butt Weld

- Compact, lightweight, portable.
- Probes and wedges can be quickly and easily changed.
- Great expansibility, suitable for TOFD inspection and phased array inspection.
- The magnetic wheels can be attracted to the work pieces for easy operation.

Parameter	Value	
Dimension	400X130X135mm	
Encoder IP Code	IP68	
Encoder Precision	0.12 mm/step	
Suitable Tested Work Piece (Butt Weld)	Plate - plate	
	Straight pipe - straight pipe	Outside diameter: $\geq 168.3\text{mm}$
	Straight pipe - elbow pipe	Outside diameter: $\geq 168.3\text{mm}$; Elbow angle is 45° or 90° ; Curvature radius of inside elbow: $\geq 70\text{mm}$
	Straight pipe - flange	Outside diameter: $\geq 168.3\text{mm}$
